

Giving all children in Scotland an equal chance to flourish is at the heart of everything we do.

Our annual children's sector flagship event is a unique opportunity for those who work within the sector to meet, network, learn and debate the key issues facing the sector today.

This year we'll be asking - **if not you, then who?**

You'll have the opportunity to explore, discuss and plan how you can make a positive difference to the lives of the children and young people you work with.

Day One: Wednesday 8 November

More than 15 workshops and study trips with leading experts and current practitioners, on a range of topics including: early years, children's voices, care standards, child sexual exploitation, developing hope and promoting equality. We'll also hear the inspiring stories of Elaine Wylie and Amal Azzudin.

Workshops

First steps to exploring human rights with young children
[Amnesty International](#)

Breaking the news – gently
[Child Bereavement UK](#)
