

The **Sharing Voices Project** want to speak to families with children aged 0-16 years to tell us what they want and need from childcare services in the Hamilton area.

# SHARING THE VOICES of **SINGLE PARENTS** and others

Have your say on childcare...

**We want to hear your views so that we can inform decisions about childcare in the future.**

The **Sharing Voices Project** will be carrying out local research in the communities of Whitehill, Fairhill, Little Earnock, Burnbank and Hillhouse areas of Hamilton over the next few months.

We are inviting single parents and families to share their views on local childcare provision for children 0-16 years and discuss their needs for the future. It is important that your views are heard.

### **How we will hear your voice?**

The Project has workers who will, over the next month, arrange meetings with local groups, individuals, local nurseries, out of school clubs and many more services in the designated areas. The project will also be holding a **FREE Family Fun Day** in Whitehill Neighbourhood Centre on **17th February** to which and all families are welcome.

If you are interested in being involved and sharing your views please get in touch by **28th February 2018**.

To find out more and tell us what you think, please contact:

**Susan Allan**, Project Worker on **07824 337 485**

**Anne Glasgow**, Project Worker on **07789 262 331**
