

Smaller classes make it easier to concentrate

Try this maths crossword! Which numbers go in the blank boxes to complete the puzzle?

“I would like there to be fewer people in class. It would make it easier to get my work done. People are always screaming and it is hard to concentrate.

“This would help because I would get my work done more easily – when I was in the hub I got all my work done in the morning because there were fewer people.”

Marcus, age 12
