

# Media Information Pack

## 2021-22

## Introduction

Children in Scotland occupies a unique position as the representative body for the children's sector, with unrivalled reach through our connections, profile and communications work.

Advertising with us is a great way of engaging with our membership and our whole network, which includes a workforce from a wide range of charity and education organisations across Scotland, and encompasses 14 local authorities.

This pack provides an overview of our four main digital and print channels: our *Learning Guide*, new members' publication *Insight*, our *Magazine Web Pages* and the bi-weekly email *News Update*.

Each offers a direct route to our audience. But we're also happy to discuss package and bundle deals for advertising with us across multiple channels. This can be a great way to grow your profile, strengthen awareness of what you offer and highlight campaigns, activities, learning, vacancies and more.

As part of our commitment to our members, we apply a **20% discount** to all adverts and bundles booked by member organisations and individuals.

Contact our Senior Business Development Officer (details below) to discuss what would work best for you.

3,100 print and digital editions of *Insight* issue 1 will be distributed to more than 450 member organisations and individuals working in the children's sector. Our launch edition will reach staff in 14 of the 32 local authorities across Scotland.

The publication will be promoted through our social media channels, our members' e-news, the members' hub of our website and as part of the wider communications of our members' benefits package for 2021-22.
