1. Essential information for applicants

a) Equality statement and valuing diversity

Children in Scotland values the contribution made by all members of staff, whatever their background. Our recruitment decisions are based on fair, open processes, with appointment on merit. We welcome applications from everyone.

Children in Scotland recognises that the promotion of equality, diversity and human rights is fundamental to good governance and management practices, and that this practice supports Children in Scotland to achieve its strategic outcomes.

We are committed to creating a culture in which equality, diversity and human rights are actively promoted and discrimination is not tolerated and as such understand our legal duties outlined within the Human Rights Act 1998 and the Equalities Act 2010.

Promoting equality, diversity and human rights is one of the cornerstones of Children in Scotland's functions and we strive to ensure these principles are embedded throughout our policies and practice.

b) Adjustments for interview

Disabled candidates may face additional challenges or accessibility barriers in the recruitment process that can be alleviated with adjustments. Should you be invited to interview, we wish to ensure that all facilities necessary to enable you to participate fully in the interview and any other assessment exercises are available to you. When inviting you to interview we will ask you if you have any specific requirements. If you feel you wish to discuss requirements or share details with us you can let us know at any stage in the recruitment process, by emailing recruitment@childreninscotland.org.uk. Details of any request will only be shared in order to put any adjustment in place and with your consent.

c) The application process

C.V.s will not be considered. Please complete the application form via the link provided on p.8. The form highlights parts of the form that will be removed prior to sharing the application with the shortlisting panel. None of the information contained in those sections will be taken into consideration in the shortlisting process.

While completing the application form you will be asked to provide examples to demonstrate how you meet the criteria.

We would like you to use the STAR technique to support your responses relating to the criteria:

- Situation – the context
- Task – what were your aims / objectives?
- Action – what did you personally do?
- Result – what was the result?

Your responses relating to the criteria will form the basis for shortlisting for interview.

d) If shortlisted for interview

Should you be shortlisted and invited to interview, the interview panel will be looking for evidence that you hold the competencies required for the role. The competencies required will form the base of questions at the interview and the STAR technique (detailed above) will be used by the interview panel. Please apply this technique in your responses.

In most instances, the recruitment assessment will also involve other form/s of assessment such as a presentation or written test. Details will be provided if invited for interview.

e) Eligibility to work in the UK and verification checks

We will carry out a verification check with candidates shortlisted for interview before the interview takes place. Shortlisted applicants will be required to produce:

- proof of eligibility to work in the UK,
- proof of identification,
- proof of home address,
- if relevant, any qualifications deemed essential (see criteria).

Details will be provided with the invite to interview and verification checks will be carried out prior to the interview, on the day of the interview.

Please note that for this role we require all candidates to be eligible to work in the UK and are unable to sponsor candidates who are not already eligible.

f) References

The application form requests contact details for two people willing to act as referees. At least one of the referees should be relevant to your current or most recent employment. They should have had some managerial responsibility for your work although we accept that, for some employers, it is policy for Human Resource Departments to provide references.

Our policy is to request references prior to interview for all shortlisted candidates, unless there are circumstances where the candidate prefers us not to make contact (e.g. current line manager). We would like to be able to contact at least one of the two referees prior to interview. Please indicate on the application form whether we can contact your referees prior to interview.

If you have difficulty in obtaining an employer's reference, for example if you are a student or returning to work after a long period of absence, please provide details in the space provided. If this is your first employment a tutor's reference or similar will be acceptable. References regarding unpaid positions will be welcomed.

Referees should not be colleagues, subordinates, relatives or friends.

Referees will be provided with a copy of the job description, criteria and competencies required for the role.

For successful candidates references may be verified by contacting the referee or another appropriate person from the referee's organisation.
