

Access All Arts Fund – Project Information Sheet

We are looking for children and young people who are passionate about access to the creative arts to help us deliver the Access All Arts Fund

Who are we?

Children in Scotland is a Scottish charity working to improve children's lives. We believe it is important to listen to children and young people about issues that affect them. We work to make sure that children's voices are heard by people who make decisions.

Meet the Team!

What is the Access All Arts Fund?

In 2024-25, for a third year, the Fund will continue to support children and young people with additional support needs and disabilities as well as children and young people experiencing other barriers to accessing arts activities (including poverty and poor mental health).

We're looking for children and young people aged 11-25 to join our panel. If you are passionate about children and young people's access to the arts, we'd love to hear from you! We are particularly keen to hear from young people who've experienced their own barriers to enjoying creative activities.

How will I take part?

We're looking for **children and young people aged 11-25 to join our panel**. This will include taking part in 4-5 workshops between August and December. These meetings will be a mix of online and in person and we will work together to make improvements to the Fund, relaunch it and choose which projects to fund.

Children in Scotland will pay for your lunch, snacks and travel, and you will receive a **£50 voucher** at the end of the project as a thank you for taking part. We can also provide support if you need help to take part.

You don't need any previous experience. Passion matters more than experience, and we'll be here to help you at every step of the way.

What do I need to do if I want to take part?

To get involved, send Abbey an email at astone@childreninscotland.org.uk before **Wednesday 7 August** at **12pm** telling us:

- Your name
- Your age
- Where you live in Scotland
- Why you want to get involved

If you want more information or have any questions about the project, please get in touch with Abbey.

Thank you!
