## Invitation to Sponsor and Exhibit

Kibble is one of the UK's largest children's charities and for over almost 200 years we have cared for young people. The services provided by us include residential childcare, secure care, mental health support, housing support, fostering and adoption, education and young workforce development. All services are increasingly following a trauma-informed approach. Our knowledge, experience and research has meant we are best-placed to bring together professionals from across the range of sectors which have the power to influence a child's life.

**Kibble's Annual Conference has created a unique hub of voices made-up of leaders, policy-makers and practitioners, giving you a platform to increase visibility amongst those who matter.**
